Modi: Developed Nations Emit 6 Times More Per Capita Than India

Bureau Chief New Delhi September 21: Prime Minister Narendra Modi on Saturday said developed countries are often unfairly blamed for carbon emissions while the fact is that developed nations have six times more per capita carbon emissions compared to India. Inaugurating an international conference on the environment and climate here, the prime minister also said that whenever he takes forward work on nuclear energy generation, people who always talk about the environment will move court to stop it.

"We all know that the responsibility for carbon emissions has often been wrongly placed on developing countries. While the historical truth is that even today, India's contribution to per capita carbon emissions is less than half of the global average," he said at the two-day event being attended by environmental experts, Supreme Court judges, legal experts and senior government officials. Modi said developed nations have six times more per capita carbon emissions compared to India and New Delhi strongly presents this

fact on global platforms. "And I would say to every Indian: You too say this forcefully," he said. The prime minister said India is working with the rest of the world and is setting new standards for environmental protection. He said that India is focusing on renewable energy and is the only nation in G20 that has already fulfilled its Paris (COP 21) commitments, well before its timeline. "This is the power of New India. Non-fossil fuels, solar energy capacity, stoppage on carbon emissions... India's performance on all such metrics is being discussed across the world," he said.

He said nodal officers would be appointed by the state government, the Civil Aviation Ministry and the Defence Ministry to expedite the establishment of the airport. The airport would

be set up on 1,500 acres, he said. Kishan Reddy said the Detailed Project Report for the proposed airport at Warangal in Telangana was under preparation and that the layout of the airport buildings was in the final stages of preparation. Prime Minister Narendra Modi is likely to perform the 'Bhoomi Puja' for the airport, he added.

What if you don't understand the concerns of pensioners?

Two and a half years after coming to power it is strange that the Revanth government has not yet understood the grievances of employees, teachers and pensioners. The role of employees is crucial in the smooth functioning of the government. The promises made to such employees in the Congress manifesto during the 2023 elections have not been fulfilled so far. In this context, the state leadership of TGEJAC, which has 207 unions, has not only launched a Mahadharna to achieve their rights, but also announced a movement to pacify the JAC leaders by making four promises. But since these promises have not been implemented so far, a Mahadharna program has been announced at the LB Stadium on September 10. Seeing the intensity of the movement and based on the intelligence report, the Chief Minister decided not to hold a grand dharna and wrote a letter to the Chief Secretary of the government to hold talks on the 18th of this month and to submit the VRC report to the PRC Chairman, postponing the dharna. Later, the talks scheduled for the 17th and 18th were postponed to the 21st. All we ask is that the PRC, which should be implemented from July 1, 2023, be implemented! This is not a demand of Gonthemma. We are entitled to what we deserve as a fair and just cause! As per the promise you made in the Congress manifesto, you said that you would implement the PRC within six months of coming to power. That promise has been implemented for three years now. Otherwise, what does it mean? When will cashless health care be available? During the discussions held on the 9th of this month, a letter was written to the PRC Chairman to submit a report. But you have not ordered the report to be submitted yet. Therefore, the report could not be submitted. 6 DAs are pending till July 2026. There are no cases of so many DAs pending in any state in the country so far. Therefore, as per the promise given, we demand that five DAs be paid immediately. The promise of implementing cashless medicine in all corporate hospitals as soon as you come to power, without implementing it for at least three years, and finally collecting 1.5 percent contribution from the salaries and pensions of employees, teachers, and pensioners for four months, and still not providing cashless medicine in all corporate hospitals, it is assumed that you do not care at all about the health of the employees. Retirement arrears are still pending. Since March 2024, the retirement dues of the employees who have retired have not been paid in full. Similarly, all the pending bills of the employees are not being paid. Therefore, we demand that 2000 be paid every month. What is the guarantee that you will abolish the Contribution Pension Scheme (CPS) and implement the old pension system as soon as you come to power? Why is it not being implemented in our state even though it is being implemented in some states? Nearly 13 lakh employees, teachers and pensioners in the state are waiting for the leaders of the Employment JAC to discuss all these in detail in the discussions postponed on the 21st and achieve fair demands. If the talks fail on the 21st, there will be a movement. If the talks with the government fail on the 21st, the JAC leaders should immediately formulate an action plan, give a strike notice to the government, and announce the movement by putting down the employees and giving mass holidays to schools. The way we did the 42-day strike for the achievement of Telangana state, we should strike in the same way and make the main demands, such as 51 percent fitment of PRC, five DAs for the achievement, cashless medicine should be implemented properly in all hospitals, retirement arrears and pending bills of employees should be paid at the rate of Rs. 2000 crore, and CPN should be cancelled. 13 lakh people are demanding. Guarantees should be implemented. The promises you made in the Congress.

Telangana parties gear up for Warangal-Khammam-Nalgonda Graduates' MLC election

Political parties have begun preparations for the Warangal-Khammam-Nalgonda Graduates' MLC election after Telangana issued the electoral roll schedule. Jana Sena has named Gadala Srinivas Rao, while Congress and BJP are yet to announce candidates for the March 2027 election.

Khammam: With Telangana Chief Electoral Officer (CEO) C Sudharshan Reddy issuing the schedule for preparation of electoral rolls for Warangal-Khammam-Nalgonda Graduates' Constituency MLC elections, the political parties are gearing up to finalise their candidates.

The term of sitting MLC Chintapandu Naveen (Teenmar Mallanna) is set to expire in March 2027. As per the schedule released on September 17, a public notice for voter registration would be issued on September 28 for de novo (anew) preparation of electoral rolls with final publication of the same on December 30.

It might be recalled that in the biennial election held on May 27, 2024, Congress candidate Mallanna defeated the BRS candidate A Rakesh Reddy in the results announced on June 8. The seat had fallen vacant after the resignation of sitting MLC Dr. Palla Rajeshwar Reddy of the BRS after he won the Jangaon Assembly seat in 2023.

Rakesh Reddy, whose candidature is yet to be announced officially, has already started campaigning. He has been meeting graduates across the constituency for the past few months, besides organising different activities to garner voters' support.

He hopes to win the election this time as the graduates and unemployed youth are upset with the Congress government. The graduates' opinion on the administration; issues concerning government jobs, lack of recruitment and education are likely to play a pivotal role in the election.

Meanwhile, Jana Sena Party has named former Health Director Gadala Srinivas Rao as its candidate for the election and he hit the ground running. The Congress and BJP parties are to decide the names of their candidates.

According to sources there is a long list of aspirants in the Congress party to contest the election. State Tourism Corporation Chairman Patel Ramesh Reddy, Vijaya Dairy Chairman Gutta Amith Reddy, OU JAC leader Lokesh Yadav, Singapuram Indira, Ramireddy Sarvothama Reddy-the son of former Minister Damodar Reddy, Ponguleti Prasad Reddy- brother of Minister Ponguleti Srinivasa Reddy, Nalgonda DCC president Punna Kailash Neta, RTI Commissioner PV Srinivas and others' names are doing rounds in the party circles as the potential candidates.

On the other hand, Deputy Chief Minister Bhatti Vikramarka held a meeting in Hyderabad in the first week of September with key leaders from the three combined districts to discuss the strategy for the Graduate's MLC election. He was said to have told the leaders to abide by the party high command decision regarding the candidate and work for the party victory.

Heavy Weekend Rush at Khairatabad Ganesh Idol

Devotees are expected to flock in large numbers to visit the Ganesh idol on Saturday and Sunday

Hyderabad: The Hyderabad police geared up to deal with the weekend rush at the towering Khairatabad Ganesh idol on Saturday and Sunday.

Devotees are expected to flock in large numbers to visit the Ganesh idol on Saturday and Sunday. Since it is the weekend, the rush of devotees has been continuing in surrounding areas of Khairatabad since morning.

It is estimated that more than one and a half lakh devotees are likely to visit Ganesha on Saturday. This year, the 69-foot-tall Panchamukha Sankatahara Maha Ganapati is being worshipped at Khairatabad.

Along with Ganesh idol, the idols of Kalika Mata, Somnath Jyotirlingam, Vishwakarma, and Vishnu Murthy became a major attraction. The government has made elaborate arrangements for the devotees. Queues have been set up on all sides and heavy police deployment has been made to prevent any untoward incidents.

Continuous monitoring is being carried out through CCTV cameras. As it is the weekend, a large number of devotees are expected to visit the temple, and the crowd is likely to increase as the day progresses. Accordingly, the authorities are making additional arrangements.

Telangana HC directs police not to arrest BRS social media convenor Manne Krishank

Hyderabad: The Telangana High Court on Friday granted relief to BRS social media convenor Manne Krishank, directing the police not to arrest him in connection with a case registered over a social media post. Justice T Madhavi Devi directed the police not to arrest Krishank and made it clear that a notice under Section 35(3) of the Bharatiya Nagarik Suraksha Sanhita (BNSS) should be issued to him and the procedure prescribed for offences punishable with imprisonment of less than seven years should be followed. The court also directed Krishank to fully cooperate with the investigation. Politics

The case against Krishank relates to a social media post concerning the questioning of Mahender Reddy, PA to BRS working president K T Rama Rao (KTR), and PRO Mahesh Manikya by the police at the Saifabad Police Station. Police registered a case against Krishank in connection with the post. Against the alleged highhanded action of the police, Krishank approached the High Court by way of a lunch-motion petition seeking directions restraining the police from arresting him.

Counsel for Krishank submitted that all the offences invoked in the FIR carried a maximum punishment of only three years' imprisonment and warranted no arrest. However, the Home Government Pleader for the Home Department informed the court that Krishank had already been arrested. The petitioner's counsel disputed the submission and told the court that Krishank had not been arrested as of 4.20 p.m. on Friday and that he was before the Magistrate's Court. After hearing both sides, the judge directed the police not to arrest Krishank and ordered that the procedure prescribed under Section 35(3) of the BNSS be followed.

Trump, Xi Set for High-Stakes White House Talks

Washington: The first state visit by the leader of China in more than a decade takes place next week when President Xi Jinping arrives in Washington for high-stakes talks - and a little schmoozing - at the White House with President Donald Trump. When Xi's plan lands at Joint Base Andrews just outside Washington on Wednesday, Trump will be there to welcome Xi for the state visit, senior administration officials told reporters. That's unusual -- Trump typically meets foreign leaders at the White House.

The heart of the visit comes Thursday when Trump and first lady Melania Trump welcome Xi and his wife Peng Liyuan at an arrival ceremony held indoors on the State Floor of the White House. Trump and Xi will also participate in a review of troops in the Rose Garden before they retreat behind closed doors for their talks. The first lady and Peng Liyuan will hold a separate engagement while their spouses get down to business. Details were not released during a call the officials held Friday to brief reporters on Xi's visit.

Xi and his wife will also be the guests of honor Thursday as Trump and the first lady host the Chinese delegation for a state dinner in the East Room. Trump described the dinner as an event everyone wants to attend. Both leaders will deliver remarks. "Thousands of people would love to be at that dinner," Trump told reporters Friday in the Oval Office. He appeared to lament that the 1,000-person ballroom he is adding onto the White House will not be available for the soiree because it is still under construction. "This is a very tough ticket for me."

"I've told a lot of very good friends of mine, you just can't come," Trump said. White House shares some names on the state dinner guest list. But some of the Republican president's tech industry friends have been invited. Among the executives scheduled to attend the state dinner are Amazon founder Jeff Bezos, Tesla and SpaceX's Elon Musk, Sundar Pichai of Google and Michael Dell, the CEO of Dell Technologies, the White House said.

Also on the guest list are Nvidia's Jensen Huang, OpenAI's Sam Altman, Jane Fraser, the CEO of Citigroup, and Tim Cook, who recently stepped down as the CEO of Apple. Next Friday, Xi and Peng Liyuan are scheduled to return to the White House for a private tea with the Trumps, who will then take them on a tour of the National Archives, the home of some of the United States' most important founding documents as the nation celebrates its 250th anniversary. Xi will head for Joint Base Andrews after the tour. Tariffs, artificial intelligence, rare earths on the agenda As for other substantive parts of the visit, US officials said Washington and Beijing may be ready to ease some tariffs on some nonstrategic goods. Discussing the visit during a call with reporters, senior US officials said such a move might affect a narrow band of goods that would advantage both sides. The officials, who spoke on condition of anonymity under ground rules set by the White House, did not elaborate. But they said they did not expect the United States would be ready to ease export controls to allow for a greater flow of rare earth minerals, critical components in a wide range of products, into the global market. The officials said China maintaining an acceptable flow of such minerals would be discussed, but there was unlikely to be an exchange involving reduced US export controls. Separately, Treasury Secretary Bessent will meet over the weekend in New York with Chinese Vice Premier He Lifeng to discuss a range of economic issues, according to a person familiar with the plans who spoke on condition of anonymity because they were not authorized to discuss the details publicly. Artificial intelligence will be a focus of the talks, the person said. In Beijing, China's commerce ministry announced that He would lead a delegation to the US from Saturday to Wednesday for economic and trade consultations. Also on the agenda will be China's stockpiles of rare earth minerals, essential to everything from smartphones to fighter jets. Beijing has used its near-monopoly on the minerals to bring the United States to the negotiating table in a trade war started by Trump's tariffs and other sanctions on China. The talks might continue at the working level into Monday, the person said. US Trade Representative Jamieson Greer will join Bessent on Sunday for the meeting with He, Greer's office announced Friday evening. Trump visited China in May, as well as in his first term, for talks with Xi, who rolled out the red carpet for his American counterpart. Xi was last in the United States for a state visit in September 2015 during the administration of Democrat Barack Obama.

'CONSIDER AMIR ALI KHAN FOR MLC SEAT' : JAVID ALI

State Bureau Chief M.A.Samad September 21, 2026 : Mechanical Engineer and Youth Congress leader Mohammed Javid Ali has appealed to the Congress leadership to consider Siasat News Editor Amir Ali Khan for one of the Legislative Council seats expected to fall vacant in November, recalling what he described as Khan's contribution to political awareness and the Congress campaign during the 2023 Telangana Assembly elections. Addressing the media in Jangaon, Javid Ali said the Urdu daily Siasat and Amir Ali Khan had played an important role in bringing political and community issues into public discussion. He claimed that during the 2023 Assembly elections, Siasat had supported the Congress and that Amir Ali Khan had participated in programmes aimed at creating political awareness among sections of the Muslim community. According to Javid Ali, Siasat had continued to

highlight issues concerning Muslims during the period when the BRS/TRS was in power in Telangana. He said the newspaper had provided a platform for discussion on issues affecting the community and had helped encourage political participation. "He further said that after the Congress government assumed office, Amir Ali Khan's nomination to the Telangana Legislative Council under the Governor's quota was viewed positively by sections of the Muslim community. Khan, he said, subsequently travelled to different districts and took part in programmes dealing with political and social awareness." Javid Ali referred to the subsequent developments surrounding the nomination and said the government later forwarded the name of former cricketer Mohammed Azharuddin in place of Amir Ali Khan for consideration. He said the change had led to disappointment among sections of the Muslim community. "He also re-

ferred to the ongoing legal proceedings concerning the matter, stating that the issue is pending before the Supreme Court. "According to Javid Ali, ulema, legal professionals, intellectuals, community leaders and supporters in Telangana and abroad have expressed concern over the developments. He urged the Congress leadership to take note of these representations and examine the issue through appropriate political and legal channels. "Javid Ali recalled the interactions between Congress leadership and the Siasat management during the 2023 election period and said the party should consider the political and social circumstances surrounding the earlier nomination. "He appealed to Chief Minister A. Revanth Reddy, TPCC President Mahesh Kumar Goud, Telangana Congress in-charge Meenakshi Natarajan and the AICC leadership to review the issue and consider Amir Ali Khan for

another term in the Legislative Council. "With MLC vacancies expected in November, Javid Ali requested the Congress leadership to allocate one of the available seats to Amir Ali Khan. "He said that, in his assessment, reconsideration of the issue could help ease the concerns expressed by sections of the Muslim community and strengthen communication between the party leadership and community representatives. "Javid Ali further observed that the issue could continue to figure in political discussions during forthcoming local-body and municipal elections and in the run-up to the 2028 Assembly elections. He therefore urged the Congress leadership to consider the matter carefully and take an appropriate decision after examining all relevant aspects.
