SATURDAY 26 SEPTEMBER 2026

An Easy Affair Taking Twists And Turns

The Special Comprehensive Revision (SCDR) of the electoral rolls is causing a stir in the Election Commission of India. The process of removing names of eligible voters from the list, as well as the lack of transparency in official decisions, is drawing criticism across the country. The controversy has intensified after reports emerged that Election Commissioners Sukhbir Singh Sandhu and Vivek Joshi have formally objected to various decisions taken by the EC nearly 14 times in the last 10 months. Chief Election Commissioner Gyanesh Kumar is facing contempt of court proceedings for his decisions taken in violation of the Supreme Court's previous judgments in several cases. Gyanesh, who is facing allegations of taking unilateral decisions in the Election Commission without the consent of other commissioners during the revision of special voters' lists across the country, has ignored the orders given by the Supreme Court. The stage is set for contempt of court proceedings against CEC Gyanesh in the matter of violating court judgments despite objections from fellow commissioners. Supreme Court lawyer Brajesh Singh has requested Attorney General Venkata Ramani to grant permission to file a petition for criminal contempt of court proceedings against CEC Gyanesh Kumar. As mentioned in a recent Indian Express investigative article, Gyanesh. Brajesh Singh said that a review of the contempt of court decisions taken unilaterally, considering himself special to his fellow commissioners, is necessary. Commissioner Sandhu's written statement that the removal of voters was 'unauthorised and illegal' has exposed the internal differences of the Election Commission. The scale of the voter list exercise has further intensified this debate. In the third phase alone, 6.15 crore voters in 17 states and union territories disappeared from the draft lists. Of these, 4.52 crore were classified as absent, 1.11 crore as deceased and 49.58 lakh as having votes in two places. This has reduced the number of voters in the respective areas from 36.08 crore to 29.93 crore. This represents a net decrease of 15.7 per cent (about 5.57 crore) compared to the 2024 Lok Sabha election list. However, not everyone who was removed is ineligible, and even though the EC has given an opportunity to raise objections and restore their names, the large-scale classification of absentees raises suspicions. This controversy is now continuing not only between the Election Commission and political parties, but also among voters. In an opinion poll conducted by OneIndia Locals expressed strong differences of opinion on the Ekhi process. Some said that they had lost faith in the Election Commission as their names were not in the voters' list. Others said that they continued to have faith in the Election Commission and believed that this amendment was necessary to remove fake, shifted or otherwise ineligible names. Auto driver Rajanna said that four names of his family, who were in the old list and exercised their right to vote every time, were not in the new list. He said that even after going around the offices with Aadhaar documents and photos, it was of no use. They complained that this process has become hell for people like them. Cab driver Navir and another person Shankar also said that they have been living in this area for many years but they are worried that their faith in the electoral system has been lost due to the cancellation of their voting rights. However, there are also those who support this unfair process. Shivanand from Bijapur believes that such amendments are necessary to remove fake votes and the names of those who have gone to other areas. PriyaThe young woman said that although this amendment is necessary, it should be done in a proper manner, and that removing the name of her living grandmother and continuing the names of the deceased is a sign of mismanagement. However, the loss of the right to vote by lakhs of people will have a serious impact on the results of the upcoming elections. Voters are demanding that the Election.

Rahul Gandhi Accuses Modi, Shah, CEC Of Destroying India's Vote

New Delhi: While the Opposition parties plan on moving an impeachment motion notice against Chief Election Commissioner Gyanesh Kumar in both Houses of Parliament, Lok Sabha Leader of the Opposition Rahul Gandhi on Thursday accused Prime Minister Narendra Modi, Union home minister Amit Shah and the CEC of "destroying" India's vote. The former Congress president alleged that the 2024 Lok Sabha polls were "completely fake" and promised an investigation into "elections rigging". Fired up by the alleged irregularities in carrying out the special intensive revision (SIR), Mr Gandhi launched a scathing attack on Mr Modi, Mr Shah and Mr Kumar, calling them "deshdrohis". The former Congress president demanded an immediate resignation of the poll panel chief, who is under fire over the alleged irregularities in the SIR exercise. "This is 'vote chori'. From it comes 'kanoon chori' and 'sanstha chori'," he said.

Meanwhile, according to reports, the Congress is reaching out to INDIA bloc allies to build a consensus on moving an impeachment motion notice against the Chief Election Commissioner in the Lok Sabha and the Rajya Sabha. "On April 24, 73 Opposition Rajya Sabha MPs had submitted a new notice of motion in the House to remove the CEC. A new notice to impeach the CEC can also be brought in the Lower House," Congress president Mallikarjun Kharge said.

The Congress has already called a meeting of its working committee on Tuesday to chalk out a plan against Mr. Kumar, following which an INDIA bloc meeting will take place in early October.

As the Opposition parties stepped up their attack over the Election Commission's special intensive revision of electoral rolls, Mr Gandhi said Mr Modi and Mr Shah would be investigated for their alleged role in what he described as a con-

spiracy to undermine democracy.

The Congress leader also urged Mr Kumar to turn approver, saying that doing so will be an act of nationalism. Addressing a press conference at Indira Bhawan, Mr Gandhi said the Election Commission was responsible for protecting the vote, which he described as the foundation of India's democratic and constitutional system.

"This is an attack on the Constitution and the legal structure of the country. You were supposed to ensure that the vote was protected. We have enough information to prove this with certainty... There are going to be consequences to this. We are not going to let democracy be destroyed and sit silent. Those responsible will be punished," he added.

"Mr Modi and Mr Shah are both going to be investigated for what is being done. They are at the top of this conspiracy, and they will be investigated for what they have done to this country," Mr Gandhi said.

Mr Gandhi's remarks came a day after he alleged that "vote chori" was a direct attack on the Constitution and accused the BJP, the RSS and the Election Commission of committing an act of treason.

Seeking to link the alleged manipulation of electoral rolls with the BJP's continued electoral success, Mr Gandhi played videos of Mr Modi and Mr Shah at the press conference and asked people to listen to their tone.

In one video, Mr Shah was heard saying the BJP would remain in power for 30 years, while Mr Modi was heard raising the slogan "Abki Baar 400 Paar". Mr Gandhi said no political leader operating in a democratic environment could make such statements, arguing that anti-incumbency was a fundamental force in Indian politics.

"Indira Gandhi wins Bangladesh war and within a year or

two, massive pressure mounts due to anti-incumbency. It happens to leader after leader. It does not happen to Mr Modi, Mr Shah and the BJP...now we know the answer to it," Mr Gandhi said, asserting that he is "100 per cent certain" that Assembly elections and Lok Sabha polls had been rigged.

Earlier in the day, Mr Gandhi posted on X that the "enemies of the Constitution have been exposed" and "justice will be served".

The five Left parties, meanwhile, announced weeklong protests against the SIR process and demanded the CEC's removal, while the Cockroach Janta Party (CJP) threatened a nationwide agitation and an indefinite sit-in in Delhi if Mr Kumar did not resign within 48 hours.

Besides demanding the removal of Mr Kumar, the CPI(M), CPI, CPI(ML)-Liberation, Revolutionary Socialist Party and the All India Forward Bloc sought an immediate halt to the SIR process.

At a meeting, CPI(M) general secretary M.A. Baby, CPI general secretary D. Raja and CPI(ML)-Liberation general secretary Dipankar Bhattacharya announced a week-long nationwide protest from September 26 to October 2.

They demanded restoration of voting rights to those "wrongfully excluded" from electoral rolls and measures to restore the credibility and independent functioning of the Election Commission. "The report is an indictment of the office of the CEC, which stands compromised," the Left parties said.

The Left parties demanded an alternative mechanism for appointing election commissioners, based on the Supreme Court's proposed selection committee comprising the Prime Minister, the Leader of the Opposition and the Chief Justice of India.

G4 Ministers Push for Reform of UNSC

New Delhi: Strongly pushing for reform of the United Nations Security Council (UNSC), India, Germany, Japan and Brazil — collectively known as the Group of Four (G4) — have said the council is currently unable to effectively discharge its core responsibility of maintaining international peace and security.

Foreign minister of Brazil Mauro Vieira, federal minister for foreign affairs of Germany Johann David Wadephul, minister of external affairs S. Jaishankar and minister for foreign affairs of Japan Moteji Toshimitsu met Tuesday on the margins of the 81st session of the United Nations General Assembly.

The G4 Joint Ministerial Statement on the Reform of the UN Security Council, issued after the meeting, noted that the Security Council is currently unable to effectively discharge its core responsibility of maintaining international peace and security.

"The representativeness, legitimacy, credibility and efficacy of the UNSC are in question, the G4 statement said.

They assessed that one of the key underlying reasons was the eight-decade-old architecture, which did not reflect contemporary geopolitical

realities and hindered efforts to effectively address present and future challenges to peace and security.

The G4 ministers noted that the IGN framework has been largely "ineffective" in forging any concrete outcomes towards real UNSC reform despite 18 years of activities.

The G4 said they had "serious reservations" about the presentation of a so-called bridging proposal before the commencement of text-based negotiations. They regretted that the proposal does not take into account the views of a clear majority of member states in favour of expansion in both categories of membership. They also recalled that, under the UN

Charter and the IGN mandate, consensus is not the benchmark for decision-making on Security Council reform.

"Against this backdrop, the G4 ministers emphasised that it is crucial to implement UNSC reform at the earliest so that the council is fit-for-purpose, truly reflecting contemporary geopolitical realities. They underscored that expansion of the UNSC in both the permanent and non-permanent categories of membership is central to such reform and that this position is supported by a majority of member states," it added.

"Moving forward, the G4 will further collaborate and identify synergies with other reform-oriented groups with a view to developing a consolidated model that properly reflects the voice of a majority of Member States and commencing text-based negotiations as a high priority, which is the key to realising the vision of real and impactful UNSC reform," the joint statement added.

The G4 ministers underscored their continuing support for Africa's compelling case for enhanced representation in the UNSC, including in the permanent category of membership.

Modi, Ministers Discuss 100% Reach of Welfare Schemes

New Delhi: Prime Minister Narendra Modi and his council of ministers on Thursday discussed ways to ensure that government welfare schemes reach all eligible beneficiaries as the two-day Chintan Shivir concluded in New Delhi.

For the second consecutive day, the ministers were divided into eight groups, with Modi interacting with each group besides addressing them collectively, sources said.

With around 40-45 government welfare schemes under consideration, discussions focused on achieving saturation coverage and improving communication with citizens about welfare and development initiatives.

"Effective communication to the people is one area where the government will place stress in the coming days," sources said.

The first day of the conclave discussed governance, reforms and outreach to women and youth. Ministers also

deliberated on improving delivery mechanisms through closer coordination among ministries and departments.

Modi took feedback from ministers and advised them on various aspects of governance, sources said.

The discussions also covered reforms, "Jan Vishwas Se Jan Aadhaar" and priorities for Viksit Bharat@2047.

The brainstorming session was aimed at taking stock of government programmes, improving coordination, setting the future agenda and reviewing welfare schemes and infrastructure projects.

Progress of government schemes, policy implementation, time management, inter-ministerial coordination and public service delivery were also on the agenda.

The Modi-Shah-Gyanesh Kumar trio is murdering democracy the CEC must resign CPM State Secretariat member G. Nagaiah

Dayyala Rakesh Bhanu
Direct Voice Bureau Chief Mahabubabad
September 25: An extended meeting of the CPM Mahabubabad Town Committee was held under the chairmanship of Town President Comrade Gouni Venkanna. Comrade G. Nagaiah, a member of the CPM State Secretariat, attended the meeting as the chief guest and addressed the gathering. Full text of G. Nagaiah's speech: Elections in the country today have turned into a farce. The Election Commission is supposed to be the guardian of democracy, but today it has become a guardian for the BJP. "Observing the conduct of Chief Election Commissioner Gyanesh Kumar, in particular, it appears he is acting not like a CEC but like a BJP National General Secretary. What greater threat to democracy could there be? Gyanesh Kumar is executing the agenda against opposition

leaders targeted by Prime Minister Narendra Modi and Home Minister Amit Shah. Wherever the opposition is strong, systematic actions are being taken—such as the deletion of voters, suspicions regarding EVM tampering, alterations to the election schedule, and granting campaign permissions that favor the BJP. "While Rahul Gandhi is exposing 'vote theft' with evidence, the CEC remains silent. No action has been taken even though the BJP has siphoned off thousands of crores through electoral

bonds. The situation is such that not even a notice is issued when Prime Minister Modi and Amit Shah deliver hate speeches daily. The Election Commission, which ought to uphold the Constitution drafted by Ambedkar, is instead implementing the 'RSS Constitution' today. This is dangerous. The people of the country must recognize this conspiracy. Safeguarding the Election Commission is synonymous with safeguarding the nation. Therefore, Chief Election Commissioner Gyanesh Kumar must be

removed immediately, or he should accept moral responsibility..." "...mu st resign. The Modi-Shah duo is steering the country towards dictatorship, and Gyanesh Kumar is abetting this. A massive nationwide public movement must rise against this. Subsequently, District Secretary Sadula Srinivas spoke, stating, "If the public loses faith in the Election Commission, democracy cannot survive. This same pattern has been observed in elections ranging from Bihar to Bengal. Driven by the fear of defeat, the Modi government is undermining the very electoral system." "Call to

fight for the CEC's resignation: Chief Election Commissioner Gyanesh Kumar must resign immediately. Prime Minister Narendra Modi and Home Minister Amit Shah must desist from interfering in the electoral system. The Supreme Court must intervene to safeguard the independence of the Election Commission. A comprehensive inquiry into vote theft must be conducted. Supreme Court upholds Danam Nagender's disqualification as MLA

The Supreme Court upheld the Telangana High Court's decision disqualifying former Khairatabad MLA Danam Nagender under the anti-defection law for switching from the BRS to the Congress. The court rejected his appeal and affirmed that his Assembly seat stood vacant from April 23, 2024.

Hyderabad: The Supreme Court on Thursday dismissed former Khairatabad MLA Danam Nagender's petition challenging the Telangana High Court judgment disqualifying him from the Assembly under the Tenth Schedule for defection from the BRS to the Congress.

A bench comprising Chief Justice of India Surya Kant, Justice Joymalya Bagchi and Justice V Mohana held that the High Court had correctly interpreted the law and that there was no ground for interference.

Senior Advocate Mukul Rohatgi, appearing for Nagender, argued that the Tenth Schedule contained a provision to condone a member giving up party membership. "Ghar Wapsi?" Justice Bagchi commented.

When Rohatgi referred to Paragraph 2(1)(b), the bench pointed out that it applied to voting against the party whip and not to Paragraph 2(1)(a), which dealt with voluntarily giving up party membership. "Your case is 'aaya Ram, gaya Ram, phir aaya Ram'?" Justice Bagchi asked.

The BRS counsel denied that the party had condoned Nagender's conduct and said it was the BRS member who had filed the disqualification petition. The bench subsequently declined to interfere with the High Court judgment.

Nagender won the Khairatabad Assembly seat on a BRS ticket in the 2023 Assembly elections, later defected to the ruling Congress and contested the 2024 Lok Sabha elections from Secunderabad on a Congress ticket while remaining an MLA.
